Work Experience

Eformics Systems (2009-Present)
Sr. E-ecommerce Techno Functional Consultant & Entrepreneur,
Mississauga, ON, Canada

During my tenure at Eformics Systems as a Techno Functional E-commerce Consultant since 2009, I've been actively involved in a spectrum of e-commerce projects. My responsibilities spanned from the initial installation phase to the intricacies of designing, customization, and seamless implementation. I take pride in providing dedicated support throughout the post-live phase.

Over the years, I've acquired extensive experience and expertise in navigating the complexities of diverse e-commerce initiatives. Collaborating with cross-functional teams, I've played a pivotal role in ensuring the successful execution of projects. This includes addressing technical aspects while incorporating functional requirements, resulting in well-rounded solutions that meet both client expectations and industry standards.

My commitment to staying abreast of evolving e-commerce trends and technologies has allowed me to contribute valuable insights and innovative approaches to enhance project outcomes. Eformics Systems has been a platform for continuous growth and learning, shaping me into a proficient and adaptable Techno Functional E-commerce Consultant.

Why Hire Me?

By choosing me, you're not just getting a professional with a diverse skill set; you're gaining a collaborator dedicated to transforming ideas into impactful digital realities. Let's embark on a journey of innovation and success together.
